SUMMARY

Software Engineer holding a B.Tech degree from Malla Reddy College of Engineering and Technology. Specializes in Computer Science, eager to utilize innovative insights and technical expertise.

Contact: naveenpolampalli1433@gmail.com, 8125903142.

EDUCATION

B.TECH | Full-time, Computer Science   Oct 2021 - Ongoing

Malla Reddy College of Engineering and Technology   90

SKILLS

Data Structures and Algorithms: Intermediate
Java Programming: Advanced
Python: Intermediate
DBMS: Intermediate
Web Development: Intermediate

Projects

ONLINE ELECTION SYSTEM   Oct 2023 - Jan 2024

The Online Election System is a secure and efficient web-based platform developed using PHP, HTML, and CSS, designed to streamline the electoral process. It features voter registration and verification, candidate management, secure voting, real-time result display, and robust security measures including encrypted data transmission and secure database storage. The system provides distinct user roles for admins and voters, ensuring a seamless and transparent election experience.

FACE DETECTION ATTENDANCE SYSTEM   Jun 2023 - Oct 2023

The Face Detection Attendance System is an innovative project developed using Python, designed to automate attendance tracking in educational and corporate settings. Utilizing facial recognition technology, the system captures and verifies student or employee identities in real-time, ensuring accurate attendance records. It eliminates the need for manual entry, reduces errors, and enhances security. This ensures an efficient and reliable solution for attendance management.

AWARDS

Silver medal for Science Olympiad Test.:
- Secured Silver Medal in the Science Olympiad Test by National Olympiad Organization in my school.
Certification on Java Programming.:
- Achieved Java Programming Certification, showcasing advanced proficiency in object-oriented programming and software development.

LANGUAGES

English: Advanced

HOBBIES

Practice coding., playing games like chess,puzzles., Listening to Advancement of Technoologies.

CERTIFICATIONS

Certification on Web Development Course:
